On a quiet Friday evening, a USAF tracking station picks up an unusual anomaly, and the world will change forever. A group of extraterrestrial ships is heading for Earth. The pyramid-shaped crafts land in the ocean, and the human race is introduced to the Brothers, a race of beings claiming a distant ancestry to man. Abdon, their spokesman, promises a future free of worry, want, and disease. There are only a few rules that mankind will have to follow. And so begins the Comes The End saga by William Creed. More than a typical end-times story, it is Christian science-fiction at its best. Here's what the critics are saying: Writer's Digest: The book is excellent. This author does a far better job with character development than the Left Behind series. Library Bookwatch: . Comes The End is tense, original, entertaining, and highly recommended. Independent Publishers Review: Just downright riveting. This one is hard to top! Heartland Reviews: Comes the End is an excellent representation of the beginning of the tribulations.
