EVOLUTION AND CHALLENGES IN SYSTEM DEVELOPMENT

Book Condition: New. Publisher/Verlag: Springer, Berlin | This book is a result of the Seventh International Conference on Information Systems Development-Methods and Tools, Theory and Practice held in Bled, Slovenia, September 21-23, 1998. The purpose of the conference was to address issues facing academia and industry when specifying, developing, managing, and improving information computerized systems. During the past few years, many new concepts and approaches emerged in the Information Systems Development (ISD) field. The various theories, methods,...
