BiblioGov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 26 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. Pursuant to a congressional request, GAO reviewed the Department of Transportation's (DOT) efforts to regulate hazardous material (HAZMAT) movement across the nation, focusing on whether: (1) key initiatives to improve long-standing HAZMAT information shortcomings were successful; and (2) any strategy guides DOT in directing information management and technology resources devoted to its hazardous material mission. GAO found that: (1) DOT lacks accurate, complete data to monitor the vast HAZMAT community, and better support its enforcement activities involving HAZMAT shippers and carriers; (2) despite DOT recognition of a need for better HAZMAT information, its two attempts to improve hazardous materials information management were unsuccessful; and (3) the absence of clearly defined departmental HAZMAT information management responsibilities impaired DOT ability to effectively organize, direct, or implement its departmentwide information resources management (IRM) efforts. This item ships from La Vergne, TN. Paperback.
