Date :2011-5-1. When a road suspected problems when placed in front of you. with confidence. or could not find the clue If the former. then congratulations. you have crossed the materials and the gap between the test; If the latter. then you do not worry. Jinglun School Code materials analysis in the teaching and examination rooms for you to build a communication platform. Many students feel that way: materials are familiar. but also understand the classroom. but they fail to get good exam results. The reason is that teaching materials and examination requirements of a gap. examination and selection of classroom teaching a difference. This requires the materials above. outside the classroom can be added to improve. up to the entrance of the selection requirements. This book is filled from the following two aspects of this gap. First is the depth of excavation materials. Teaching materials easy to understand. but which contains a wealth of information. we have included information materials excavated. and a systematic order. so that the connotation and extension...
