This item is printed on demand - Print on Demand Neuware - Scholarly Essay from the year 2006 in the subject Politics - International Politics - Topic: Public International Law and Human Rights, printed single-sided, grade: 1,0, Ruhr-University of Bochum (Institute for International Law of Peace and Armed Conflict), course: European Master Programme, 19 entries in the bibliography, language: English, abstract: India stands today at a crucial crossroad in its path towards greater social progress and actualization of children s and women rights, both of which are inextricably linked to each other, and to which the Government according to the Constitution and ratification of international treaties - is deeply committed. Still, the situation of India's women and children is marked by diversity and persistent disparities and nearly two centuries of colonialism and many more centuries of a rigid caste system, have maintained a stubborn barrier to meaningful social transformation. International human rights law has been designed to protect the full range of human rights required for people to have a full, free, safe, secure and healthy life. Health care is seen as one of the fundamental principles of...
