John Wiley and Sons Ltd, United Kingdom, 2008. Hardback. Book Condition: New. 234 x 160 mm. Language: English . Brand New Book. Praise for Lifecycle of a Technology Company Lifecycle of a Technology Company is a comprehensive business and legal handbook for all but the most experienced technology entrepreneurs. I shared my copy with a few colleagues at MIT who have either started or are contemplating launching their own companies, and I had a real problem retrieving it. The data supports my opinion that this book will attain handbook status on the desks of technology entrepreneurs. -Dr. George B. Kenney, Associate Director Materials Processing Microphotonics Centers at MIT This book will help entrepreneurs avoid the pitfalls on the long road to success for venture-backed technology companies. It distills a lifetime of experience in advising technology companies in a concise and understandable way. -Howard Berke, Serial Entrepreneur and Venture Capitalist Lifecycle of a Technology Company provides a valuable resource for lawyers at a variety of experience levels. The junior lawyer will use this resource for the basics. More experienced lawyers with a broad practice will use this for a sanity check relative to market terms and business rationale. In the trenches, it will assist lawyers by providing practical, plain speaking explanations for why things operate as they do in the finance, intellectual property, and merger acquisition segments of the technology world. If you expect to represent technology clients, keep this book nearby. -James O Hare, Partner Kirkpatrick Lockhart Preston Gates Ellis, Boston.
