Paper Golem LLC. Hardcover. Book Condition: New. Hardcover. 172 pages. Dimensions: 9.1in. x 6.2in. x 0.8in. Small Press newcomer, Paper Golem, embarks on an exciting, new annual series, a celebration of the novella, long touted as the ideal length in speculative fiction. Subtitled A Distillation of Four Novellas, ALEMBICAL brings together four of the field's top authors, and gets out of their way! James Van Pelt's Harvest is a moving ghost story in which three believably complex high school students deal with grief, love and religion. Ray Vukcevich anchors the book with the witty Now You See Us, a love story set against the background of a lost Arctic village and lecherous, time-traveling Finnish monks. Short story writers Schoen and Dorrance have chosen well: these novellas cover a wide variety of subgenres and show off the talents of four impressive writers. The finely crafted writing should appeal to fans of both speculative and mainstream fiction. -- From the PUBLISHERS...
