Reviews

This book will never be straightforward to start on looking at but extremely exciting to read. I actually have read through and that i am sure that i am going to gonna go through once more again in the future. I am happy to explain how this is the very best book i have read through in my individual lifestyle and may be he best publication for at any time.

BRITISH AND FOREIGN MEDICO-CHIRURGICAL REVIEW, VOL. 48 (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from British and Foreign Medico-Chirurgical Review, Vol. 48 As to the book thus sent forth, it is a model of care and neatness and industry. It is thoughtfully compiled, splendidly printed and choicely bound. It contains four hundred and eighty-four pages and three times that number of prescriptions. It is divided in such manner that all the diseases of the community are classified, while the prescriptions for the cure of each class of disease are placed under their proper heads. The prescriptions are from the pens of none but the elite of physic; if the authors of them were dead or had retired from practice when the book was written, their names are added; if they were living, their names are omitted, to avoid giving offence. The favorite recipes of princely Richard Mead, Sir Janies Millard, Huxham, Sir Clifton Winter-iugham, Sir E. Halse, Sir E. Barry, and of many others, are here in correct form. We think at once, as we look at this book, how easy it must have been to prescribe in 1777. We have a disease to treat; we know the name of the disease, and before us there is the remedy for the disease fresh from the most learned of hands. When we turn to our book and ask what the medical elite of the metropolis prescribed for the benefit of mankind, and for the imitation of their less fortunate brethren of the provinces, we note singularly and specially one great fact, that their formulas are all based on the most absolute of empirical principles. We notice further that the medicines prescribed are in nine cases out of ten simples of simples....
